

BUILDING PARTNERSHIPS

The County of San Diego Health & Human Services Agency's Department of Homeless Solutions and Equitable Communities is seeking applications from organizations to partner on expanding emergency housing solutions for people experiencing homelessness.

The County will issue grants for partner organizations to purchase sleeping cabins directly from our pre-approved vendor Pallet Shelter, who will deliver the cabins to the site.

Partner organizations receiving grants will operate sleeping cabins as emergency shelter on their private property and serve people experiencing homelessness.

Applicants should also have the funding and infrastructure for site preparation and setup, zoning and permitting, and ongoing facilities and services operations and maintenance of the site.

Applications will be accepted and awarded on a rolling basis until funding is fully expended.

**Application period
opens on:
November 1, 2023**

**Interested entities
should email:
HSEC-OHS.HHSA@sdcounty.ca.gov
to receive an application packet.**

Qualified applications will be reviewed in the order they are received.

**An informational webinar
will be scheduled for
interested entities.**
